

It's so easy!

# Jiffy Jell

## TOILET WATER ABSORBER

When Removing Toilets

12 - 0.6 oz. packets  
ITEM# 16-590

Don't risk spilling foul water and soiling your customer's rugs, moldings, house, etc.

**Jiffy Jell** will **solidify the water** in the toilet **into a gel** to facilitate an easy and dry toilet removal.

Shut off water to toilet.

Flush toilet and continue to hold down handle.

Empty entire packet of **Jiffy Jell** into the water remaining. Empty two packets at the same time for 3.5 gpf (or larger) toilets.

Wait at least 4 minutes for water to gel into a solid.

# UTILITY

700 MAIN STREET, WESTBURY, NY 11590 U.S.A.  
(516) 997-6300-FAX# (516) 997-6345 / [www.UtilityChemicals.com](http://www.UtilityChemicals.com)

Carefully remove toilet while keeping it level. After re-installing toilet, turn on water and let tank fill completely, then flush. The water may fill the bowl. Leave the **Jiffy Jell** gelled water for a few minutes until it re-liquefies and flushes.
